“ Ed and I enjoyed many laughs over the years with his many stories and all his farm animals especially his chicken. I am the Purchasing Manager at Larson Tool and Ed always used to say that he was " my best customer" with all his requisitions to buy various parts for his maintenance duties. He could fix anything. My thoughts and prayers are with his family and friends.

“ I joined Larson Tool a few months after Ed retired. He came and visited the company off and on, besides just for our Summer Cookout and Christmas parties. He always stopped by and talked with me and shared stories about the old times. I'll keep him, his family, and his loved ones in my thoughts.

“ The companionship and help Ed provided my mother, his Aunt Beatrice, will always be remembered with gratitude. I'm very sorry for your loss. And prior to getting that soft-serve coffee ice cream, I suggest a bucket of steamers in his memory!
